MARINE CONCEPT**

NEWBUILDINGS, CONVERSIONS, RETROFITS

Schulte Marine Concept (S.M.C.) is the business unit within the Schulte Group providing a comprehensive range of technical consultancy and project management services with value-added solutions for newbuilding, conversion and retrofit projects, and technical support for fleet in service.

S.M.C.'s expertise in shipbuilding combined with the Schulte Group's shipping and ship management experience provide an integrated 'end-to-end' service from development and execution of a newbuilding project to the vessel's delivery and full ship management.

Headquartered in Shanghai, China, S.M.C. operates through regional offices in South Korea, India and Türkiye and through project dedicated site offices spread throughout global shipbuilding markets.

Why S.M.C.?

- German-rooted company with strong presence in Asia since 1973
